

# ROAD SAFETY

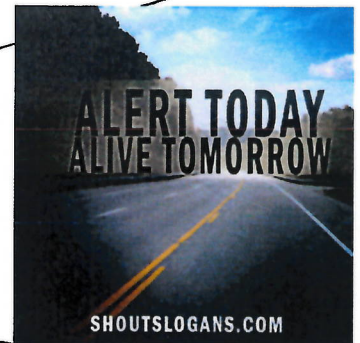

**NEVER** cross behind a bus or car because cars can't see you

Traffic is the biggest killer of 12-16 year olds so BE SAFE!!!!

Green cross code: find a safe place to cross like a zebra, pelican, by a traffic warden or lollipop person.

If you are over 14 and are not wearing a seatbelt YOU have to pay £100

Turn off your phone when crossing the road or just put it in your pocket- your phone will distract you and you might not see an oncoming car.

**FRIDAY** from around 3pm-5pm is the busiest time because people are coming home from school or work and just want to get home for the weekend.

# ROAD SAFETY

## Safety when crossing

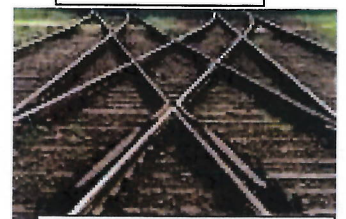

Over 500 young people die or are seriously injured every month. ALWAYS take headphones out when you cross the road. NEVER cross behind a bus or car because cars can't see you. If you are 12 to 19 you are the most likely to be killed by traffic. After school and work on Friday is the highest day of death. You MUST turn your phone off.

Pelican crossing

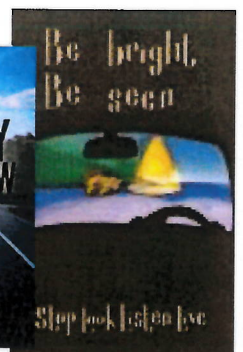

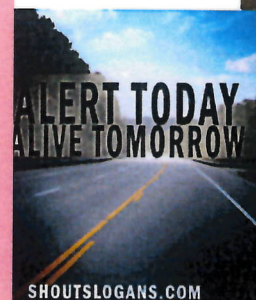

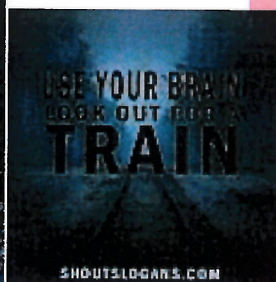

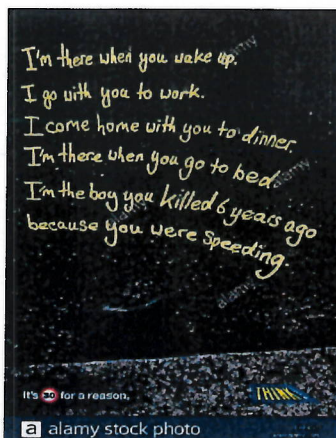

Zebra crossing

Watch out for trains

## Car safety

You must wear your seatbelt. If you are younger than 14 your parents have to pay a £100 fine if you don't but if you are 14 or over you must pay it yourself. If your mum or dad is on the phone while driving you have all the rights to tell them to turn it off.

# Road Safety

- You are 4x more likely to crash using a mobile phone while driving.
- If you the driver is on the phone whist driving you have the right to tell them to get of their phone.
- Over 500 young people are killed or seriously injured in on month.
- 12-19 aged people are more likely to be killed in traffic.

**Be Safe. Be Smart. Be Seen.**  
**MAKE SURE DRIVERS  
CAN SEE YOU.**

## Types of crossing

**Fridays are when people  
are hurt the most  
because everybody wants  
to go home.**

# ROAD SAFETY

1) Always remember to use the green cross code.

2) Friday is the busiest night to travel, so make sure you are safe.
